

LIFS Summer Research Program 2025 For local students studying overseas*

The Summer Research Program is designed for outstanding end-of-year 3 undergraduate students who are interested in pursuing research postgraduate study in the Division of Life Science (LIFS) at the Hong Kong University of Science and Technology (HKUST). This program offers participants with the unique opportunity to immerse themselves in the research life at HKUST campus and work with faculty mentors from our Division in conducting research projects in an interactive environment.

Date: 2 July – 6 August 2025

Eligibility: Undergraduate students majoring in Life Science, Chemistry, Biotechnology, Bioengineering, Computational Biology and related programs, who have completed 3 years of study (out of a 4-year bachelor program) and have attained a GPA of 3.2 out of 4.0 (or 80%) or higher.

A subsidy of around HK\$10,000 will be provided. To enroll in this Summer Research Program, participants are required to pay the summer internship application fee, insurance and a 1-credit tuition fee in advance (approximately HK\$3,300).

Housing and Travel Costs:

No housing will be provided. Participants are responsible for their own living expenses and transportation costs to and from Hong Kong, as well as from their living place to HKUST.

Application Procedure: Submit online application via the link

https://ust.az1.qualtrics.com/jfe/form/SV_5BHYSpGw7pCX2dw

Application deadline: 24 March 2025 (Monday)

*Note: Only local students studying outside Hong Kong can apply for this program

Announcement of results:

The review of applications will be conducted by the Division of Life Science. Successful applicants will be notified by the Division as soon as the application is closed. After receiving the Division's confirmation: **(For successful applicants only)** Submit online Visiting Interns application to the Undergraduate Recruitment and Admissions Office (<https://join.ust.hk/admissions/visiting/>).
